New HCPF Logo Launched

We are pleased to announce a new look and feel is coming to the Department. Effective November 1, we will begin using a new logo on all Department materials.

By the end of this year, all state agencies will transition the look and feel of their Departments' official emblems to a shield that aligns with brandCOLORADO standards. brandCOLORADO has worked with Departments to refresh the look of state agencies and create a brand that embodies our state's upward momentum. The green Colorado peak logo is intended to represent the state's world-famous mountains as well as Colorado's continued ascension in any number of categories, including health care.

HCPF's new shield sits inverted next to the green Colorado logo. This shield will be used on all **new** materials and will replace the circle seal that has been used on Department documents, marketing materials, and our Department's website. Please note that documents created prior to the shield launch **do not** need to be updated retroactively.

The HCPF shield aligns with those of our partner agencies CDHS and CDPHE. Through visual alignment, the shield now expresses our most important message at HCPF: We serve people. Additionally, our primary Department color of blue with a purple accent, which HCPF employees helped choose—can be seen on the shield.

New Colorado.gov/PEAK Logo Coming November 9

A new look has also been created to represent PEAK as Colorado's online service to screen and apply for medical, food, cash, and early childhood programs. Beginning November 9, Colorado.gov/PEAK will have a new logo and color scheme. The new logo incorporates the primary brand colors of PEAK's major partners, and the triangles are a nod to the majestic mountains in our beautiful state.

Moving forward, all **new** collateral must contain the new trademarked PEAK logo. Please note that documents created prior to the logo launch **do not** need to be updated retroactively.

Guidance on the new PEAK logo and images for download will be **available starting the week of November 3** at tinyurl.com/peakoutreach.

New Federal Provider Screening Regulations: Webinar and Stakeholder Comments

New federal regulations established by the Centers for Medicare and Medicaid Services (CMS) require enhanced screening and re-validation of providers enrolling with Colorado Medicaid. These regulations are designed to reduce the potential for Medicaid fraud, waste, and abuse. Most providers will see very little change in their enrollment process but some may be required to undergo additional screening before they can be enrolled or re-enrolled in Medicaid.

On Thursday, October 23rd, stakeholders from across the state participated in an online presentation followed by a question and answer session on these new regulations. A recorded version of this webinar has been posted on the Department's website under the "Federal Provider Screening Regulations" section of [**Colorado.gov/hcpf/provider-implementations**](http://Colorado.gov/hcpf/provider-implementations).

Beginning the week of November 3rd, the Department will be seeking feedback from providers and other stakeholders on a draft rule that will implement these federal regulations. Stakeholders may submit comments through December 1st. Additional information about the new federal regulations and how providers can submit comments on this rule will be available on the "Federal Provider Screening Regulations" section of [**Colorado.gov/hcpf/provider-implementations**](http://Colorado.gov/hcpf/provider-implementations)

Training for CBMS Users Available Now

The Staff Development Center is hosting online and in-person training opportunities that will prepare you for the changes coming to CBMS on November 9. These **critical trainings** cover what you need to know about the 2015 Open Enrollment Period, the new Shared Application and Eligibility Process for Medical Assistance, and the Medicaid Quality Assurance Improvement program. It is strongly recommended you complete this training **prior** to the November 9 build.

What you'll learn in the training:

- What you need to know about the **2015 Open Enrollment Period** and how it will impact you
- Explanation of the **Shared Application and Eligibility Process for Medical Assistance**, how the new process will impact CBMS and Colorado.gov/PEAK, and what these changes mean for Medical Assistance applicants
- Review of the important **changes coming to Colorado.gov/PEAK** and how the changes will affect CBMS users
- Overview of **changes coming to the Medical Assistance Paper Application** and what you'll need to be prepared for
- Review of the **Medicaid Quality Assurance Improvement** to reduce errors in determining eligibility

Register **today** for an upcoming training opportunity at TrainColorado.com. Questions regarding this communication may be directed to soc_staffdevelopment@state.co.us
